152 rides to food shelf

4,424 bus tokens given

1,278 hygiene items

109 showers taken

96 loads of laundry

748 clothing closet visits

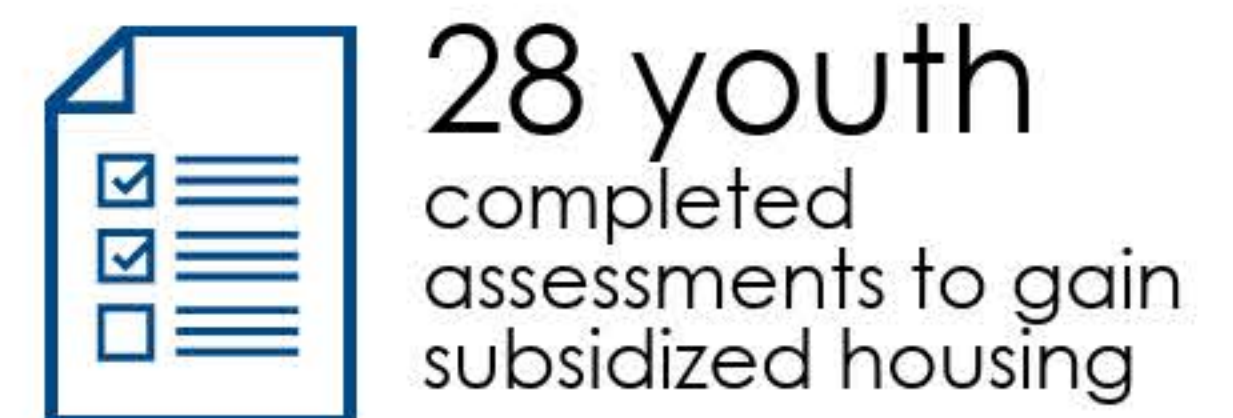

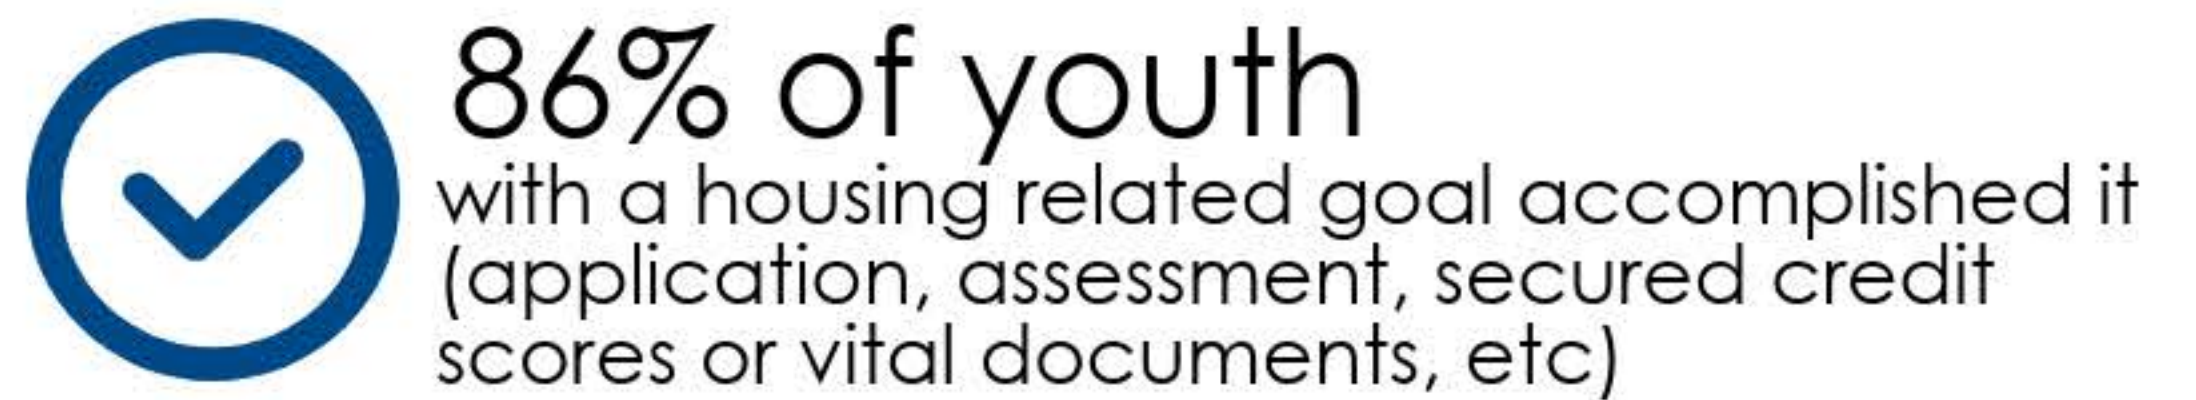

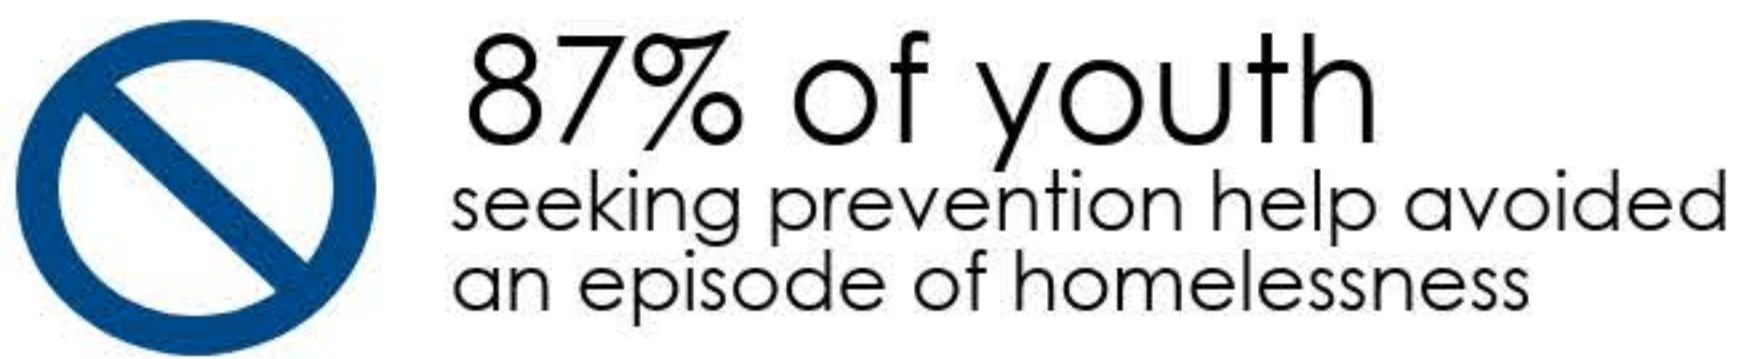

Outreach

Oasis' outreach workers in area schools and community spaces connect youth to services.

Housing Support

Oasis prevents homelessness whenever possible, and when that is not possible, we work to ensure the experience is brief, rare and nonrecurring. We do this through advocacy, eviction prevention, housing subsidy and supporting youth navigating the complex housing system.

Employment Support Program

Oasis provides employment support to youth employed at the Mall of America through our on-site case management office. We help youth stabilize their lives outside of work so they can show up ready to work.
